Come have your copy of *Sustaining Abundant Life*, an anthology of poetry by women that expresses faith, gratitude and abundance, signed by the judges and authors. There are over 50 beautiful poems and prayers in the book. These will make wonderful Christmas gifts!

The proceeds from the book sales support the operating cost of Woman at the Well House in San Antonio, a faith-based transitional home for women coming out of prison.

The mission of Woman at the Well House is to promote the physical, emotional, intellectual and spiritual health of formerly incarcerated women so they may make a successful transition into the larger community. For more information: www.womanatthewellhouse.org.
