

# Episcopal Diocese of West Texas

## The Capital Giving Consultant Defined

### We know:

- Nothing great is accomplished without prayer
- Asking and giving money is an evolutionary process
- Givers do not give without involvement and a developing relationship with the ministry and the ministers
- Giving is not a selfless act. The giver's needs must also be met in the process.

### We believe:

- Extraordinary stewardship involves the special occasions that arise in the life of Christian communities that call us to give beyond our ordinary habit.
- The capital campaign is an opportunity for spiritual growth.
- The desire to give emerges from a place deep within us and it leads to the joy that is at the very heart of our faith. Helping Christians to discover this God-given reality is a gift the capital campaign can offer to every one of us.

### We offer:

- Consultants seasoned in parish capital campaigns who have repeatedly raised millions in their own parishes
- Independent unbiased evaluation of readiness
- Effective proven program producing positive results

### We will be able to:

- Respond to an initial request for evaluation/consultation
- Facilitate meetings with the clergy, wardens, vestry and steering committee
- Conduct a feasibility study
- Analyze historic data for giving potential
- Assist in planning the education/cultivation process
- Coach the advance gifts portion of the campaign
- Consult through the general campaign and wrap-up period

*Call the diocesan office for additional information and to begin the process.*

### Committee Chair:
